

# Crop Phenotyping

Dr. Brian Hornbuckle

Fall 2019

## Data Collected

Here is an example of taking a picture of your screen and using that for the data figure.

		plots with something different in the soil				plots that were unaffected by previous management				
		male	hybrid	female		male	hybrid	female		
all heights in cm		242	148	170		235	272	160		
		241	187	185		250	276	161		
		244	208	170		251	250	170		
		230	201	178		249	257	164		
		255	207	163		259	252	173		
		209	213	175		261	261	168		
		225	217	171		270	267	157		
		242	207	179		257	260	180		
		238	180	190		261	256	181		
		251	184	190		258	262	182		
		237	189	183		257	260	172		
		245	178	187		256	268	175		
		239	204	176		254	264	173		
		241	198	173		262	260	167		
		243	187	168		270	271	168		

Figure 1: Data collected.
